

## **ENVIRONMENTAL POLICY**

Atlantic Ltd is committed to the continuous improvement of its environmental performance and everyone can play a part in preventing unnecessary waste of materials and energy which in turn will release pressure on natural resources.

Atlantic Ltd recognises the importance of environmental considerations is committed to a policy of ongoing care for the environment and will take these into account at all stages of business planning, development, marketing, servicing and supply whilst continuing to produce a world class service to our customer' specification and satisfaction.

In particular, the following objectives will be pursued as far as reasonably practicable:

1. To ensure compliance with all current environmental legislation.
2. To minimise consumption of all raw materials used, including water, fuel and energy.
3. To minimise waste in packaging and ensure that any waste generated is labelled, stored and disposed of correctly
4. To reduce the amount of solvents and other hazardous chemicals in the workplace and /or atmosphere.
5. To provide safe, clean and hygienic working conditions.
6. To co-ordinate service calls, installs deliveries and sales calls to reduce transport costs, emissions and energy.
7. To communicate environmental awareness to our staff and sub-contractors through regular briefings and training where required.
8. To ensure the management, staff and sub-contractors understand and comply with this policy.
9. To review and revise this policy periodically.
